

Hurworth School Safety in the Sun Policy

Accepted by: Board of Directors February 2011
Leadership Team Lead Reviewer: Deputy Head Teacher
Review Cycle: 3 Years
Last reviewed: February 2017
Date for next review: February 2020

Wherever necessary and appropriate students are advised of safety precautions in warm weather. To assist the school in this goal we give:

- Students have access to shaded areas.
- Students have access to water.
- The wearing of a baseball cap whilst participating in P.E / outdoor lessons during hot weather is encouraged.
- In extremely hot conditions the school sports hall will be fully utilised.
- Safety in the sun precautions are given to parents and students prior to external trips and visits and use of sun cream in these situations is encouraged.
- It is the responsibility of all staff to encourage safety in the sun.
