10th February 2023

Dear Parent/Guardian

We are currently working with the council to look at ways to improve the road outside of the school to ensure the safety of our students as they travel to and from school.

As many of you will be aware, the road outside of the school is very busy and we would like to ask that you are mindful of this when dropping your child or collecting them from school. Unfortunately, due to school transport and safeguarding students, the school entrance and car park can't be used.

For those of you who do drop off and pick up via a car, you will have seen staff trying to support the children crossing the road. This is not part of our job; however, we believe it is important in the absence of crossing patrol allocated to the school. If you are able, we would appreciate your help in stopping to allow us to help the students across the road as well as being mindful of students crossing around these times.

It has been brought to my attention that parents may be parking over driveways when waiting for school to finish. Whilst I realise that parking is difficult near the school, I must ask that we are considerate of our residents and avoid blocking any residents' access to their property. I am aware that some residents have also contacted the council regarding this, and I would like to ensure that we support our local community by being respectful of their homes.

Many thanks for your continued support.

Rachel Somerville
Head of School
