<p>RS</p>	<p>The 11th of March sees the festival of the Night Journey which celebrates the journey of the Prophet Muhammad, in the tenth year of his prophethood, from Makkah to Jerusalem, and through the heavens to the presence of God, all in one night. The festival is celebrated by a period of reflection - research the journey and find out who/what Buraq is.</p> <p>March also sees the period of Lent in the Christian Church- building up to Holy Week and Easter on the 4th of April. Palm Sunday takes place this year on the 28th of April. At this time, Christians remember Jesus's victorious entry into Jerusalem on a donkey when Palm Branches (hence the use of Palm Cross) were laid across the road by the crowds who gathered. Learn how to make your own Palm Cross - there are plenty of instructions online.</p>
