

How and why did castle designs differ between 1066 and 1500?

Key Knowledge Objectives:

Apply understanding of the key features in castle design over time

You will CREATE a model castle in any form that you wish. You could use Lego, cardboard boxes, cake, using computer software. Be as creative as you can.

Must do task:

- **You must create a model castle with a base no bigger than A3 sized paper**

Extra tasks:

- You add at least three correct defensive features to your castle and label these
- You consider the correct materials to build your model. What colour will you paint a square keep castle?
- Evaluate the strengths and weaknesses of your chosen castle on labels attached to your castle
- You include a title showing the type of castle which you have built, when these types of castles were built, the names of real examples of this type of castle.
